

Tibboh APN details – for M900

On your mobile device:

1. Go to 'Start' > 'Settings' > 'Connections' tab and click on the 'Connections' icon
2. Under the 'My ISP' heading, click on 'Manage existing connections'.
3. On the 'My ISP' page, click 'New'
4. Under 'Enter a name for the connection' enter **tibboh**
Under 'Select a modem' choose 'Cellular Line (GPRS)'
Click 'Next'
5. Under 'Access point name' enter **tibboh.co.uk**
Click 'Next'
6. Under 'Username' enter **tibboh**
Under 'Password' enter **internet**
'Domain' stays clear
Click 'Finish'
Click 'ok' to exit.
7. The device now automatically finishes the set-up process.

Open a browser and enter a website url (e.g. bbc.co.uk). You will be redirected to the Tibboh login page. Enter the username and password you have been provided with by Tibboh (or the student logins you have set up in your Tibboh account). Once you have entered these details, you can use the internet as usual.
